**1 in 4 men and 1 in 3 women
will experience domestic violence**

Your partnership has never been more important. The reality is that 1 in 3 women and 1 in 4 men will experience domestic violence in their lifetime. By partnering with Sheltering Wings, you will provide safety, stability, and independence through essential services for survivors and their children fleeing abuse.

Sheltering Wings is a comprehensive care hub working to end abuse and prevent it before it starts.

Adrianna tried to stay strong for her two boys, but then, while at the park with her sons, she met a stranger who could see Adrianna was upset. The person asked if everything was okay, and Adrianna couldn't hold back. She confided that she was being terribly abused; she was pregnant and would have to give her unborn child up for adoption. She couldn't bear the thought of another child living this way. The stranger helped her call our 24/7 crisis line, and Adrianna and her sons came to live at Sheltering Wings.

Now, Adrianna and her three children are safe in their own apartment and on a path toward permanent safety and stability.

Pregnancy is a dangerous time for victims of abuse. Thanks to donors and partners, stories like this are possible and families like Adrianna and her kids can start over again free from abuse.

It takes all of us to end domestic violence. We can't do this work alone, and we need your help. You are the key to ending domestic violence and promoting healthy relationships for our community.
